

Financial Peace of Mind, Releasing Money Blocks & Healing YOUR Relationship with Money

This powerful group healing session combines two group healing sessions and is comprised of over forty healing and enlightenment transmissions for achieving financial peace of mind, releasing money blocks and healing your relationship with money. In May of 2014, I created a new program called 21 Days to Financial Peace of Mind and it was such a powerful experience that I wanted to share it with people in my group healing sessions. Earlier I had offered a group healing session for releasing money blocks and healing your relationship with money.

I decided that there was enough overlap between the two areas that it would be a lot more powerful to combine them. It is impossible to be at peace with money or heal your relationship with money if you have blocks around money, wealth, abundance, prosperity and success.

This group healing session IS NOT conducted on the telephone or Internet. I know many healers like to do this but my personal experience has been that when empaths like myself participate in a telephone group healing session, we often take on stuff from the other participants. I usually have to an hour or more clearing myself after I participate in one of these sessions. Instead, I am asking the Creator to transmit these group healing sessions from me to you via distant healing which I feel is safer energetically and more pristine.
